**OUR PHILOSOPHY**

*It is our mission to improve each student's skating and hockey skills, while having fun at the same time. We want to develop their minds as well as their bodies, to teach students that with hard work and determination, they can achieve their goals and reach their full potential.*

*We realize that practice does not make perfect but permanent; therefore, we correct our students so they can form proper muscle memory and improve their skating skills by doing the drills and exercises correctly. We don't just run drills but use exercises as well to train and retrain the muscles to improve performance. We recognize each student's needs and customize the clinics by individually pointing out what he or she needs to do to improve. In order to facilitate better learning, we limit enrollment with a low student to teacher ratio (5:1 or better).*
